Psychic Force Shinseisha Anthology
Chapter 2
Find the Idol!

Side note: I know the volume cover says 'Comic Anthology'. But I went with 'Shinseisha Anthology' because other volumes I'm gonna release are also called 'Comic Anthology'!

Fanart from the mid-90s used without permission

Rant: Oh my goodness, so much to rant about in this chapter. What a nightmare! It was full of obscure kanji that weren't in my dictionary, hideous compounds and an insistence on using the kanji for common words that are always, always written in hiragana. It was way above my level, and I only translated it because it annoyed me having done chapters 1 and 3 but not 2.

It's not even good! It seems like someone thought Emilio was a girl and decided to make an OC out of her, then pair her off with, of all people, Genma. Whut. This is also the first time Burn and Wendy have appeared in these scans. Doing bugger all.

Also, I don't know why the variant spelling 'Rikudoh Genma' exists, but Rokudo is...well, the right way to say it.
